Submission of an article for publication implies the transfer of the copyright from the author(s) to the publisher and entails the author(s) irrevocable and exclusive authorization of the publisher to collect any sums or considerations for copying or reproduction payable by third parties.

Upon acceptance of an article by the journal, the author(s) will be asked to transfer copyright of the article to the publisher. This transfer will ensure the widest possible dissemination of information.

For Material Subject to U.S. Copyright Law

Special regulations for readers in the U.S.A.

This journal has been registered with the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, U.S.A. Consent is given for copying of articles for personal use, or for the personal use of specific clients. This consent is given on the condition that the copier pays through the Center the per-copy fee stated in the code on the first page of each article for copying beyond that permitted by Sections 107 or 108 of the U.S. Copyright Law. If no code appears in an article, the author has not given broad consent to copy and permission to copy must be obtained directly from the author. All articles published prior to 1982 may be copied for a per-copy fee of U.S. $2.50, also payable through the Center. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotion purposes or for creating new collective works. Special written permission must be obtained from the publisher for such copying.

Printed in The Netherlands

Subject Index Volume 10, 1985

AGRONOMY

Sediment problems and their management in Peninsular Malaysia 1
Saline groundwater management and optimal cropping pattern 86
Sediment yield from agricultural watersheds: an old problem readdressed 105
Water shortages in the Hunter region of New South Wales 175

ECONOMICS

The transport of goods and passengers by navigable waterways in Western Europe 38
The impact of municipal water quality improvements on household water bills 146

EDUCATION

Management of watersheds and water resources planning 121

ENGINEERING

Brazilian hydroelectric system 156

ENVIRONMENT

Sediment problems and their management in Peninsular Malaysia 1
Climatic constraints to water resource development in the Sudano–Sahelian zone of Nigeria 29
The Nile inside the Sudan—increasing demands and their consequences 73
Investigations on paraquat toxicity in fishes 79
Physico-chemical quality of Mokuro dam in Ile-Ife, Nigeria 162

HEALTH

Heavy metals in the drinking water from cisterns supplying single-family dwellings 22
Carbonisation and activation of palm kernel shells for household water filters 132
Physico-chemical quality of Mokuro dam in Ile-Ife, Nigeria 162

HYDROLOGY

The study and planning of reservoir desilting in Taiwan 7
River sedimentation and remedial measures in Nepal 14
Management of river and reservoir sedimentation in Pakistan 18
Groundwater in water resources planning: conjunctive use 57
Saline groundwater management and optimal cropping pattern 86
Understanding the drought phenomenon: the role of definitions 111
Simulation of Sacramento River flows with tidal effects 168

WATER RESOURCES

River sedimentation and remedial measures in Nepal 14
Management of river and reservoir sedimentation in Pakistan 18
Climatic constraints to water resource development in the Sudano–Sahelian zone of Nigeria 29
The Lower Mae Ping Project, Thailand 52
Groundwater in water resources planning: conjuctive use 57
Nigerian water resources and their management 64
Ethiopian interests in the division of the Nile River waters 82

Water resources planning and development of the Montreal Archipelago basin 98
Management of watersheds and water resources planning 121
Potential of water development in Saudi Arabia 151
Water shortages in the Hunter region of New South Wales 175

Association Activities 46, 92, 139, 186

Calendar of International Meetings 47, 94, 142, 189
